

## \_notion.B440\_CPU14

OrderNo.:778-34994  
10.9.2025 / 0

### Technical data

|                             |                           |
|-----------------------------|---------------------------|
| Model                       | notion.B Box              |
| Application                 | Computer                  |
| CPU                         | CPU14: Core-Ultra 5 125U  |
| Memory                      | 8 GByte                   |
| Drives                      | M.2 M-Key 2280 PCIe       |
| M.2 M-Key 2280 Capacity     | >=120 GByte               |
| Operating system            | without                   |
| Interfaces                  | 1*RS232                   |
| Interfaces                  | 1*USB 2.0                 |
| Interfaces                  | 2*2,5 Gigabit Ethernet    |
| Interfaces                  | 3*USB 3.2                 |
| Interfaces                  | DisplayPort               |
| Interfaces                  | HDMI                      |
| Interfaces                  | Power Phoenix FKC 2/5,08  |
| Power Input                 | 24VDC +20/-15%            |
| Current consumption nominal | 2,50 Amp                  |
| Current consumption maximum | 5,30 Amp                  |
| Operating Temperature       | 0°...50°C Airflow         |
| Cooling system              | Passive                   |
| Color Housing               | aluminum anodised         |
| Mounting                    | DIN-rail-mount (optional) |
| Mounting                    | Wallmount (optional)      |
| Protection front            | IP20                      |
| Protection Backside         | IP20                      |
